

AkzoNobel

Discover the *future of LVT*

Revolutionize efficiency on your line with ArmorLux™ LVT

Introducing the NextGen LVT - ArmorLux™ LVT topcoat series for vinyl flooring, specifically developed for OEM manufacturers.

akzonobel-industrial-woodcoatings.com

Introducing an industry first topcoat series with enhanced processing stability for long-run LVT flooring production

Traditional low gloss topcoats build viscosity over time, often leading to costly shutdowns. The ArmorLux™ LVT series from AkzoNobel is designed to keep production lines running with a first of its kind topcoat that delivers enhanced processing stability and a world-class finish, increasing efficiency while saving costs and resources.

ArmorLux™ LVT Series

Discover our NextGen portfolio of vinyl floor coating solutions

ArmorLux™ LVT delivers effective, lasting protection backed by our industry leading technical testing, support and coating expertise.

Features

No viscosity build-up

Enhanced stability

Fits with your existing process

No new/special techniques are required

High Quality Protection

Stain, scratch and shoe scuff resistant

Benefits to you

Optimize efficiency and productivity

Achieves operational efficiencies that can help increase throughput

Saves time and operational costs

Smooth transition that saves time and operational cost

Long lasting protection

A durable appearance suitable for heavy traffic areas

Product Range

VFC 5000

- ✓ 1 coat topcoat system offering cost effective, high quality solutions
- ✓ Meets average industry performance and delivers protection from damage caused by furniture, pets, and daily wear and tear
- ✓ Used for general high traffic areas

VFC 7000

- ✓ 2 coat primer and topcoat system providing optimized performance characteristics
- ✓ Exceeds average industry performance and delivers protection from damage caused by furniture, pets, and daily wear and tear
- ✓ Used for high valued products and by high end customers globally

It all adds up

- Energy saving through improved line speed
- Less waste produced
- Long lasting protection
